The First China-Russia Conference on

Numerical Algebra with Applications

(CRC-NAA)

First Announcement

October 16-18, 2012, Beijing, China

The China-Russia Conference on Numerical Algebra with Applications (CRC-NAA) will be held at Beijing during October 16-18, 2012. The conference is organized by **Institute of Applied Physics and Computational Mathematics (IAPCM)**. It aims at bringing together researchers, scientists, engineers, and graduate students to exchange and stimulate ideas from different disciplines, at discussing the practical challenges encountered and the solutions adopted, and at learning about the recent developments on theory and numerical methods for numerical simulation about numerical algebra and scientific computing.

The conference is supported by NSFC. Its location and accommodation are **IAPCM and Garden Hotel**.

The invited participants should submit titles and abstracts of their talks, no more than two A4 pages, to the conference organizer before September 1, 2012.

The Conference Chairmen:

Prof. Zhong-Ci Shi (Institute of Computational Mathematics and Scientific/Engineering Computing, Chinese Academy of Science, China)

Prof. Lev A. Krukier (Computer Center, Southern Federal University, Russia)

The Organizing Committee:

Zhong-Zhi Bai, Tong-Xiang Gu, Xing-Ping Liu, Zhi-Ru Ren.

The Conference Secretary:

Tong-Xiang Gu (**Email:** txgu@iapcm.ac.cn   **Tel:** 86-10-61935177

Fax: 86-10-62057289)

Important Deadlines:

Registration: **August 15, 2012**   (**Email to** txgu@iapcm.ac.cn**)**
Abstract submission: **August 30, 2012**   (**Email to** txgu@iapcm.ac.cn**)**
Notification of acceptance: **September 5, 2012**
